PROFESSIONAL PROFILE

Business and Technology graduate from the University of Santiago de Compostela, currently specialising in Data Analytics and Data Science. I have completed the Google Advanced Data Analytics Professional Certificate and the IBM Data Science Professional Certificate, and I keep expanding my knowledge of data analysis, machine learning and digital transformation through self-directed learning.

I am interested in how data can help us understand business problems and make better decisions, combining my business background with technology. My internships in digital marketing and the hotel industry showed me the value of data in a company's day-to-day work: measuring, interpreting results and turning them into decisions. Outside work, roller hockey, as a coach and referee, has taught me to lead groups and to make quick, sound decisions.

WORK EXPERIENCE

Overfly Consulting — MAR 26 - JUN 26

Digital Marketing Intern · Vilagarcía de Arousa

- Analysed web traffic and performance metrics with Google Analytics and Semrush to measure the impact of content and campaigns.
- Carried out keyword research and competitor benchmarking in the hotel sector to identify growth opportunities.
- Tracked SEO and SEM campaign KPIs and proposed data-driven improvements to attract qualified traffic.
- Contributed to web development to improve site structure, usability and performance.

Globally by Newlink (Newlink Spain) — FEB 26 - JUN 26

Revenue Management Intern · Madrid

- Analysed booking, occupancy and demand data to support pricing strategies and optimise revenue.
- Prepared and monitored pick-up reports and demand forecasts.
- Benchmarked competitors and reviewed KPIs to identify improvements in pricing and forecasting.
- Prepared reports to support data-driven strategic decisions.
- Managed availability, rate and inventory data in PMS and channel managers (SiteMinder, Prestige, Ulyses).

Roller Hockey Coach and Referee — JAN 22 - PRESENT

Hockey Club Riazor · Galician Skating Federation
